PROFILE

I'm an IT student at American Universityof Phnom Penh and I'm majoring in (ICT)Information and CommunicationsTechnology.

WORK EXPERIENCE

Children's Surgical Centre (CSC)
Social Media & Website Officer | 2023 – Present

- Managed CSC's donor website and published regular patient stories to encourage public engagement and transparency.
- Organized and presented surgical funding campaigns to help patients receive financial support.
- Wrote and edited bilingual (Khmer/English) web content for clarity and donor impact.

Kakvei
Data Organizer | 2023 – Present

- Organized and verified Khmer language datasets for AI development.
- Ensured data accuracy and consistency to support language model training.

Ministry of Post and Telecommunication
Front-End Developer & UX/UI Designer | 2023 – Present

- Designed and developed responsive government platforms including EventKH, DSDP, and Chaktomuk Digital Workspace.
- Led the redesign of the Rachana Government Design System, improving interface consistency, responsive layouts, and accessibility across ministries.
- Created reusable Figma components and UI guidelines to ensure a unified government digital identity.
- Built and maintained web components using AstroJS, Tailwind CSS, and Next.js.
- Collaborated closely with developers and content teams to deliver clear, user-friendly public platforms.
